

TOURNAMENT TEAM SELECTION

As you know; our program is designed to be selective, and not everyone will have the opportunity to play on each tournament team every year. Our Brick program is designed to use a progressive development approach to best develop and train a selective group of elite players to best prepare for the prestigious Brick International Invite in Edmonton, AB.

In keeping with our emphasis on cost-effective high-level training, the Brick Futures will compete in two tournaments; the Chit Town Shuffle and Hockey Hall of Fame Tournament. The 07 Brick team will compete in more tournaments to best prepare their team for the Brick Tournament.
